تحكم بكل شيء

Smart Technology Systems

## لماذا نحن؟

تكنولوجيا متكاملة من شركة واحدة مع أنظمة التقنية الذكية يمكنك الحصول على كل شيء. نحن نقدم منتجات ذكية لأكثر من 100 منتج والتي تغطي جميع الاحتياجات من العديد من أنظمة التحكم والاتصالات إضافة لأنظمة التيار الخفيف

## رؤيتنا؟

رؤيتنا في أنظمة التقنية الذكية هي ان نكرس التقنية الحديثة بما يلبي رغبات عملائنا ويلبي احتياجاتهم , وطرح كافة الخيارات المتاحة , وفق أحدث التقنيات .  
بمهندسين ذوي خبرات عالمية , وفنيين ذوي تجارب عديدة , وشراكات متميزة وتقنيات متجددة , نحقق حلول وافكار لاحتياجات عملائنا وخدمات تناسب متطلباتهم بافكار جديدة وعصريه لنكون محل الثقة التي اكتسبناها ونكتسبها دائما وحافز قوي لنا لتقديم المزيد والافضل

## مهمتنا

تغيير ثقافة مجتمع من خلال توفير وتوظيف التقنية الحديثة لتلبية كافة الاحتياجات اليومية سواء افراد او شركات

## حلولنا

نقدم منتجات أتمتة المباني السلكية واللاسلكية و حلولاً مبتكرة تجلب الرفاهية والراحة إلى منزلك

نقدم منتجات اتمتة المباني القديمة والجديدة بكافة مستوياتها الكبيرة كانت ام صغيرة للحصول على اكبر قدر ممكن من التحكم بها حيث تجمع منتجاتنا والباقي نفسه

## خدماتنا

المباني والبيوت الذكية

انظمة الاتصالات والانظمة الامنية

وانظمة الـGRMS

## من عملائنا

مستشفى الأطباء المتحدون  
United Doctors Hospital

# VENERA SWITCH

If you are looking for a simple and elegantly designed panel to control your home, here's what you need. A product from our WIFI series, the Venera Switch was designed by the TIS Automation Group to help you control lights, curtain, and shutters. Venera is a wall touch switch that enables multiple management options. It only requires three steps: remove your old switch and install the new one, connect it to the Internet, then control it. Whether your residence is an apartment or a house with a big yard, once you replace the old switches, Venera is ready to go.

Venera panels are now available in 2-3 button ranges and can be utilized to turn lights ON/OFF and control scenes.

These classic switches with push buttons and latching mechanism are available in jet black, antique bronze, champagne, natural coal, titanium, and pale silver finishes. Enjoy 1-, 2-, and 3-gang Mars switches with customizable backlit colors.

**MARS**  
SERIES

The TIS Mars Panel Series is available in 4 product ranges and 7 different colors to best suit your home's interior design. This package can be used to improve audio, climate, and lighting control. Our Mars interfaces are coupled with TIS panel additions to become configurable with the TIS Bus network. The panel additions add extra features to our already feature-laden panels and make them customizable to suit all of your digital needs. This series fits into any standard Australian, UK, European, or US back boxes.

# LUNA SERIES Hotel

The Luna Series offers panels especially designed for hotel use, making your guests feel the high tech in their room. Enhance hotel management with TIS technology.

### Luna TFT LCD Panel

This panel, with a 4.3" LCD touchscreen and temperature sensor, offers a stylish and sophisticated interface for managing lighting, music, climate, motors, security, moods, and other third-party devices. It will also display reminders and alerts via the high-resolution screen.

### Luna 9G

This panel features a 4.3" touchscreen and 9 buttons for lights, motors, and moods control. This trendy solution is configurable with third party sensors, too.

# TERRE

SERIES

## Terre Hotel

The Terre Series offers an ideal, simple, and elegant hotel interface. With the modular mechanism of all of Terre's sockets and switches, you can make any combination in 1, 2, 3, or 4 gangs to make this solution fit your hotel room design and provide the highest level of comfort for your guests.

Stone: four different finishes

Wood: three different finishes

# TITAN TITANIA

Whether you work in the automation industry or are just an end user, you might like TIS's new series of wall switches. These panels feature touch faceplates with temperature, weather station, and energy consumption indexes for the ultimate light, climate, shade, mood, security, and music control. The Titania panels are available in the US standard size, while the Titan panels are offered in the UK standard size.
